HEAD OF THE BEAST
OCTOBER 6, 2009

BigGovernment runs [this key news](#).

I commented:

Head of the beast. Gaspard is from Haiti. What did his family do there, their background? Monied? Holder is from Barbados. What did his family do there? Connected with ... ? All Fanon devotees? All communists? Afro-centrists/Afro-Mohammedans? Afro-Supremacists? *A la* Blyden, who advocated Mohammedanism in preference to Christianity as a tool for "Afro-Supremacy," "Pan-Africanism," "Negritude," "Black Rule?"

And we're supposed to be worried about "white" supremacists, "white" racists!?

Where is Karenga in all this? Gaspard is the hatch cover on these fetid racist faggots. Remove it and let the air and light in to purify the environment of their frightful stench.
