Hillary Clinton resigns as SecState over the anti-Americanism of the occupier of White House.

Congressional Democrats, joined by Congressional Republicans, pursue impeachment proceedings against the occupier of the White House for abjuration of the POTUS Oath of Office.

JCS resigns *en masse* over abandonment of USA National Security and abjuration of the POTUS Oath of Office by the occupier of the White House.

Traditional USA allies appeal to USA citizens and Congress to remove the occupier of the White House and restore USA multi-national leadership, protection.

Successful resolve is made regarding a direct approach to solving the problem.
